Additional Information

Regular reading will support your child's reading, comprehension and their writing. Even though your child can read please still encourage them to read regularly and try to hear them read as often as you can. This will enable you to ask them questions about the text, which is as important as being able to read it.

Spellings

Please continue to help your child learn both the Year 3&4 and Year 5&6 spellings. Encourage and support your child in learning to read them, spell them and understand what they mean, including being able to use them correctly in sentences.

Times tables

These are key to all aspects of maths calculating; multiplication, division, fractions and so on. Please encourage your child to learn these off by heart and the related division facts.
